

E-Waste Disposal Ban

What You Need to Know

Beginning January 1, 2010 the disposal of covered electronic devices (CED's) will be prohibited in Oregon. This means the City's landfill as well as Humbert Refuse and Recycling landfill cannot accept these items for disposal. **STOP! Do not put them in your garbage can or take them to the landfill. RECYCLE THEM!**

What are CED's?

CED's are computers (both desktops and laptops) monitors and televisions with a viewing area of four inches (4") or greater when measured diagonally. .

What do I do with my old CED's?

These items must be recycled instead. DO NOT PUT THESE IN YOUR CURBSIDE RECYCLING BIN OR PLACE THEM AT THE CURB. These items require special handling and cannot be collected for recycling via your regular curbside recycling service.

Beginning January 5th residential customers can drop them off at OUR NEW COLLECTION SITE for FREE. The collection site will be located at: 54841 Hwy 332, Milton-Freewater, OR during the hours of 10 a.m. to 12 p.m. every Tuesday through Thursday. Mouse devices, printers, keyboards and microwaves will be accepted for a small fee at the collection site. Call for details.

Where can I take my old CED's?

Visit the Oregon E-cycles web site at <http://www.oregonecycles.org> for a list of participating collection services and sites near us or visit us online at www.mfcity.com and click on the Oregon E Cycles link. Below is a list of facilities that may take these goods within a 35 mile radius of Milton-Freewater. You are advised to call the facility first to verify that they will take your goods and whether there is a fee or not.

Participating collection sites may also take other electronics that are NOT covered on Oregon E-Cycles and may charge a fee to recycle them. Please contact the collection site before you go for more information.
